
Product Description

- Low VOC, general-purpose maintenance cleaner. It has an orange color and citrus smell.
- Effective at removing uncured paint residues from hard surfaces such as stainless steel, glass windows, floors and equipment, without extensive scrubbing, brushing, or scraping
- Effective on solventborne and waterborne paints.
- Low foaming nature, and has no effect on “killed paint” in water-wash paint booths
- Dries quickly, and leaves no unsightly residue
- S-718 is not safe to use on aluminum, brass, copper, bronze or galvanized surfaces.

Physical Properties

- Appearance: Thin Orange Liquid
- pH 9.0 - 11.0
- Volatiles Weight 100.0 %
- Weight/gallon 8.03 Lb/gl (961.90 G/l)
- VOC 2.91 Lb/gl (348.70 G/l)
- EPA Method 24 Yes
- Solubility Soluble In Water
- Specific Gravity 0.9628
- Flash Point >212 ° F (>100 ° C)
- Do not allow to freeze

General Application Instructions

- Use diluted or full strength depending on severity of paint build up.
- Spot treat heavier buildup with undiluted S-718 and allow dwelling for at least 10 minutes.
- Mop floor with straight or diluted S-718 to remove paint and general soil. Residual cleaner will evaporate and dry. (1:2 ratio)
- Dilution rate with water depends on quantity and nature of soil to be cleaned.
- Low foaming nature allows for use in floor scrubbing equipment. (1:4 ratio)
- S-718 can also be used as an Ultrasonic cleaner for bell cups, air caps, etc.
- Rinse with water.

Note: As with all chemicals, proper safety procedures should be adhered to at all times. Please review product Material Safety Data Sheet prior to working with any chemicals. Please contact your Gage Products Company representative for process specific application instructions.
